- Team Creation has a back button to Team Selection, and a submit button to the Team Home Page.
- Team Home Page has links to: Player List, Player Creation, Edit Team, Line-Up Creator and Team Selection.
- Edit Team has a cancel button and submit button to Team Home Page.
- Player List has links to Player Details and Player Creation (and possibly Edit Player).
- Player Details has a link to Edit Player, and a back button to Player List.
- Edit Player has a cancel button and submit button to Player Details.
- Player Creation has a back button and a submit button to Player List.
- Line-Up Creator has a back button to Team Home Page.

Navigation Bar

- Brand – clicking goes back to the landing page. Appears on all pages.
- Link to the Team Home Page – only appears when a team has been selected, text is the name of the team.
- Players drop-down – links to Player List and Player Creation. Only appears when a team has been selected.
- Link to Line-Up Creator – only appears when a team has been selected.
- Teams drop-down – links to Team Selection and Team Creation. Only appears when a team has been selected.

Interaction Design

- Hover effects for buttons and links, with clear labeling and a description of what clicking will do.
- Colour-coding of buttons and sections. Colour should be used to show that a team has been selected – the colour is the team colour.
- Icons on buttons in addition to text.
- Back buttons built into the site to limit usage of the browser back button.
